REBATES

Limited time offer! EXPIRES 8/31/2017*

■ **ER75TD**
SPOTTER VIDEO DIAGNOSTIC WHEEL BALANCER

The CEMB Diagnostic Wheel Balancer ER75TD is made especially for busy tire shops. This new series has the latest technology in wheel balancing, "Spotter" laser that actually pinpoints the exact location of stick-on wheel weights. This is done with little or no chance of operator error when entering dimensions (major cause of check spin errors).

\$750 REBATE

■ **EZ29**
PORTABLE DIGITAL WHEEL BALANCER

Designed with portability and features in mind. It will operate on standard 110V AC voltage as well as 12V DC. It comes with many features including automatic entry, split weight program, quick nut mounting, etc. Being portable with wheels and standard lightweight battery pack it can be used for mobile service or brought to the vehicle or wheels wherever they may be.

\$250 REBATE

CEMB[®] USA

* Until supplies lasts
