

WARRANTY INFORMATION

All metal components excluding hardware, lock pins, & lock pin tethers are guaranteed for a period of 12 months from the date of delivery. Under the terms of this guarantee, all components which are proven defective within the warranty period will be repaired or replaced free of charge. Our technical assistance service will be the sole authority in determining coverage of the guarantee. The guarantee excludes all responsibility on the part of Quality Stainless Products (QSP) for direct or indirect loss or damage to persons or objects deriving from incorrect operation, installation, or servicing of product. The guarantee is limited to defects in materials, workmanship and assembly, and excludes all components subject to normal wear. Exceeding listed capacities will be considered abuse and will not be covered under this warranty. Furthermore, the guarantee excludes return shipping of defective part to QSP. Standard ground shipment of replacement parts will be covered at no charge.

Components subject to normal wear:

- Turnplate / Slipplate bearing balls
- Turnplate / Slipplate plastic bearing retainer rings
- Turnplate / Slipplate lock pins
- Turnplate / Slipplate lock pin tethers
- Hardware

PARTS DEPARTMENT 1-888-473-5378

OPERATION & CARE

1. While moving vehicles on/off of system, lock pins and rollback bars should be used to reduce wear
2. Nightly, compressed air should be used to clear dirt & debris from bearing chases
3. Weekly, inspect Turnplates & Slipplates for proper movement & range of motion
4. Weekly, painted surfaces should be inspected for scratches & paint should be applied to prevent oxidation

!! WARNING !!

Turnplates & Slipplates are dry running systems. **DO NOT** apply lubricants of any kind, dry or otherwise to any surfaces.
